

## International Student Guidelines for Enrollment

All students seeking an I-20 and student visa at VUIM will be required to follow the cohort-driven enrollment plan outlined below.

- Currently, international students are only admitted to VUIM's main campus in Vienna, Virginia, during the Fall quarter annually.
- International students will not be permitted on campus until their 6th or 7th quarter of study (MAc - 6th, MAcHM - 7th), allowing for the completion of a significant portion of the online course requirements before arrival.
- Upon arrival, international students are required to enroll in at least 6 credits of on-campus coursework and are only permitted to enroll in one online course per term, concurrently.
