

Academic Calendar 2024-2025

There are four academic terms during a calendar year. Each term consists of ten weeks: courses are offered in the morning, afternoon, and evening from Monday to Sunday. There are three weeks of vacation between terms and the Clinical Intensive term is available during the vacation, in which students can take up to 1.5 clinical credits per week. The courses offered during a particular term are listed in the class schedules, which are published approximately one week before registration. Any class with insufficient enrollment is subject to cancellation without notice. Time, date, and instructor may be subject to change without notice.
